

PSAT *and* SAT Workshops for GEAR UP *Teachers*

Decoding the PSAT and SAT

Saturday, November 10, 2018

9:30 am - 1:30 pm

Using the three pillars of mastery—time mastery, test mastery, and content mastery, this one-day professional development is designed specifically to share with teachers the best ways to boost scores. Teachers will learn everything they need to understand what the tests measure, how it is scored, and the most effective test-taking strategies to motivate their students to succeed.

GEAR UP Teachers please choose what session you want to attend **Math Session** or **English Session**.

Mastering the PSAT and SAT

Saturday, December 8, 2018

9:30 am – 1:30pm

This workshop is the most effective professional development for teachers who already have a strong foundational understanding of the PSAT and SAT. Attendees will take a deeper look at each test, with a focus on methods for addressing each of the question types, techniques for solving more advanced question items, and the best practices for teaching the most frequently assessed content. Using a combination of their prior knowledge and these new in-depth strategies, teachers will be ready to integrate test taking practice into their content area teaching to better support their students.

GEAR UP Teachers please choose what session you want to attend **Math Session** or **English Session**.

Space is Limited! Register Now!

Workshops Open to:

Chicago GEAR UP Math & English teachers working in a GEAR UP cohort school. \$100 honorarium per workshop will be sent to teachers after workshop participation. Teachers can attend both workshops.

Lunch sponsored by **MasteryPrep**
