Fall 2012 Courses to be Removed from D2L

December 12, 2014 marks two years after the end of Fall 2012 courses. All Fall 2012 course shells in D2L (marked with semester code 201310) will be REMOVED from Desire2Learn by Friday, December 19, 2014. If you have content in a Fall 2012 course that you wish to save, please copy it to your master course shell before Friday, December 19, 2014. To learn more about master course shells, see the Master Course Shells and Course and Content Copy guides at http://homepages.neiu.edu/~ctl/D2L.html

To request a master course shell, use the form at

http://homepages.neiu.edu/~ctl/forms/forms.html

Conference: D2L Illinois Regional, Nov 21

The Desire2Learn 2014 Illinois Regional conference will be held Friday, November 21, 2014 (8:00 am – 4:00 pm at DePaul University’s Loop Campus in Downtown Chicago. Come and learn from your colleagues and throughout the state. Registration is only $95.00, and is open at

Reminder: New CTL Web Address

IMPORTANT! Over the summer, NEIU switched [http://www.neiu.edu](http://www.neiu.edu) to the new web-site format.

That shifted the URLs for some support areas, including the CTL. Please note our new web address:

[http://homepages.neiu.edu/~ctl/](http://homepages.neiu.edu/~ctl/)

Coming Soon: Listening Sessions

Starting in the Spring 2015 semester, the CTL will be holding listening sessions about Desire2Learn, distance learning, and hybrid learning. This is NOT another formal committee—more like a chance to have your voice heard and get questions answered in an open setting. We’ll be coming to you—so indicate your interest via

New Respondus Lockdown Browser Tool

Many faculty members are used to checking a box in the D2L Quiz tool to enable the Respondus Lockdown browser for exam security. Starting in December 2014, a separate Lockdown Browser tool will be implemented as part of the D2L course structure.

The new tool allows faculty members to set and update restrictions for all quizzes in the course from one central location. The tool is visible only to faculty members. To learn more about how this change makes it easier to set, track, and update your exam-security settings, see the documentation at

Watch for this change to happen in mid-November, 2014.

We Want to Hear from You!
